Subject: Outdoor Dining Licences S2-3 Report

Hi Rachel,

As flagged yesterday below, please find attached our Stage 2-3 report that supports work recently delivered.

The attached report is focused on a consolidated list for street dining strategies and settings finalisation/ decisions. This will be useful for our meeting on Monday.

The attached report will be loaded today to the project private webpage <https://turley.co.nz/street-side-dining-licences-supplementary-information-hastings-district-council/>

It would be handy if Dave could please send to us the updated policy item this week (before our 11 a.m. meeting on Monday).
